Master's Thesis Title	
Author's Name	
Supervisor's Name	
Date of the Assessment	
Supervisor's Signature	

(By signing I confirm that I have conducted the assessment myself.)

Minimum Criteria	*Each of the minimum criteria must be fulfilled.*	***not fulfilled***
Plagiarism, Ghostwriting, and AI		
- Percentage of matches in Turnitin (% score)		
- Suspicion of plagriarism, ghostwriting, use of AI	*click & select*	
* If results are "CRITICAL", then please explain in bullet points		
Formal aspects		
- **Template** used	*click & select*	
* generally consistent page numbering, font size and spacing, and visual and graphic representations; justified alignment		
- Whole document **min. 10,000 words**	*click & select*	
* incl. all indexes (table of contents, bibliography, etc.), excl. appendix		
- **Number** of the **required scientific references fulfilled**	*click & select*	
* min. 45 scientific sources cited, thereof at least 20 from academic journals		
Citation		
- **Consistent** and **correct** use of the **FHWien Citation Guide** in text and bibliography	*click & select*	
- **Bibliography complete** (sources listed in the text correspond to sources listed in the bibliography) and **correct**, up to 3 mistakes acceptable (mistake = missing or incompletely cited reference)	*click & select*	
Theoretical chapters (incl. introduction) are based on sufficient literature (quantity & quality)	*click & select*	
Academic writing style		
- Generally consistent and accurate use of **spelling, grammar, vocabulary** (comprehensible wording, no colloquial language, no incomplete sentences, etc.)	*click & select*	
- **gender-inclusive language**		
Development of ideas		
- **Introduction** detailed and clearly developed (problem statement, research gap, objective, research question, structural overview of the thesis)	*click & select*	

	Please elaborate below.	
Introduction		
Appropriateness of the **title**, clarity of the background information/context		*click & select (0 to 10 points)*
Clarification of **academic and practical relevance**, focused **problem statement**		*click & select (0 to 10 points)*
Realistic, benefit-oriented **objective**, **research question(s)** can be feasibly addressed with research methods proposed		*click & select (0 to 10 points)*
Theory		
Presentation, discussion (incl.critical engagement), and definition of **key concepts**		*click & select (0 to 10 points)*
Appropriateness, up-to-dateness and depth of **theoretical approaches and models** used		*click & select (0 to 10 points)*
Empirical Design		
Methodological orientation towards **basic assumptions (qual.)** or **hypotheses derived from theory (quan.)** - justification of chosen method/s		*click & select (0 to 10 points)*
Clearly justified selection of **field** and **sample** (mandatory primary data collection)		*click & select (0 to 10 points)*
Structure		
Goal-oriented structure of the thesis focused on **answering the research question(s)**, ideas logically linked		*click & select (0 to 10 points)*
Language use		
Overall **academic writing competence** (e.g. grammar, vocabulary, clarity, comprehensibility)		*click & select (0 to 10 points)*
Literature		
Quality and **up-to-dateness** of **references**		*click & select (0 to 10 points)*

Total points (max. 100)	***0***
Grade	***Unsuccessfully completed***
